ALL ABOUT US

OVERVIEW

With statement chandeliers, a golden subterranean private dining room & plenty of elegant touches, The Happenstance is a space sure to impress. Overlooking St Paul's, a sleek & striking interior means it's a welcome addition to your little black book for every sensational celebration or special occasion. Within a moment's reach of City Thameslink, St. Paul's & Blackfriars stations, The Happenstance includes a destination bar, open-plan restaurant, deli with mixology table & opulent private dining room. Open seven days a week for brisk breakfast meetings through to late night suppers, after-work drinks and a sumptuous Sunday brunch.

FOOD & DRINK

Menus, inspired by seasonal, British food & crafted by Executive Chef Robert Mitchell, are influenced by the latest trends here in London & across the globe. Open all-day, seven days a week, work your way through the carefully crafted menu from breakfast, brunch & lunch right through to dinner & late night bites. Stop by for a drink in the bar & explore the extensive wine list. Similarly, cocktails incorporate old classics & tried-&-trusted favourites as well as the new, the unexpected & the surprising with special skinny cocktails, too.

STYLE

Set within the bustle of the Square Mile on Ludgate Hill, The Happenstance is a stylish & relaxed setting with floor-to-ceiling windows framing an impressive view of the world-famous cathedral.

With exposed ceilings, reclaimed timber flooring & teal pendant lighting, the restaurant exudes industrial sophistication. Statement chandeliers funnel light from above whilst comfy low-slung chairs are ideal for lingering & lounging. Bedecked with intimate circular booths, long sharing benches & low-level tables, guests have an eagle-eyed view into the busy kitchen whilst the adaptable monochrome deli seamlessly transforms from a morning pastry-lined grab & go area to a dedicated mixology station from Midday.

FILMING & PHOTOGRAPHY

Opulently appointed with vintage, one-of-a-kind pieces, The Happenstance is regularly used for photoshoots & filming as an elegant scene-stealing setting. With it's variety of individual spaces and central location, it's an idea location for filming & photography in the heart of the City.

EVENTS

Elegant & charming, a number of areas at The Happenstance are bookable for events – from small groups of friends to big business functions. From an opulent champagne reception to a celebratory birthday cake or treasure chest filled with boutique beers, every package is served with a delightful twist.

Descend downstairs to The Curious Treasury, a glamorous private dining room offering flexibility for seated dinners of up to 50 guests & standing drinks receptions for 70. All parquet panelled walls & styled with an Anglepoise light, the space comes with a 1950's-style kitchen offering that home-from-home experience, exuding domestic glamour & doubling up as a private bar. A pair of golden mosaic-tiled vaults can also be booked for up to eight people each for smaller parties & intimate occasions.

Organise a standing drinks reception or networking evening with exclusive hire of the whole venue for 500 people or a fully-seated event for 230. Every event is unique which is why we give you the option to create your own bespoke drink & canapé packages. If you have trouble deciding, our favourite recommended packages are there to help. With interactive experiences for exciting events – from mixology masterclasses through to tipple tastings – choose from a range of packages to suit all tastes & budgets; or allow our dedicated events planners to sprinkle a little magic on the spark of an idea.
